The Autorité des marchés financiers (AMF) is responsible for supervising ODDO BHF Asset Management SAS in relation to this Key Information Document.

ODDO BHF Asset Management SAS is authorised in France under number GP99011 and regulated by the Autorité des marchés financiers.

Date of production of the Key Information Document: 16/10/2023

## WHAT IS THIS PRODUCT?

### TYPE

ODDO BHF GLOBAL TARGET GREEN 2028 is a UCITS under Directive 2009/65/EC, taking the form of a SICAV.

The Board of Directors may propose the liquidation of the SICAV at an Extraordinary General Meeting if the assets fall below the regulatory minimum. It may also do so on a discretionary basis, after the Autorité des Marchés Financiers has approved the liquidation and shareholders have been informed.

### TERM

The SICAV was created for a term of 99 years from 5 March 2013. The sub-fund was created on 26 July 2023.

The Sub-fund will implement its investment strategy over an investment period set to end on 31 December 2028.

### OBJECTIVES

The investment objective is to achieve an annualised performance (net of fees) above 2.70% over an investment period running from the sub-fund inception date, 26 July 2023, to 31 December 2028 at the latest.

There is a risk that issuers’ real financial situation may be worse than expected. These adverse conditions will reduce the sub-fund’s performance. The investment objective may not be achieved as a result. The investment objective takes into account the estimated default risk, the cost of hedging and management fees. This objective is based on the realisation of market assumptions laid down by the Management Company. It does not constitute the promise of a return or a performance. Investors should be aware that the performance indicated in the investment objective does not include all cases of default.

The sub-fund takes non-financial criteria into account in its investment strategy. The sub-fund does not have a benchmark index.

The sub-fund aims to generate medium- and long-term capital growth through a discretionary selection of green, sustainability and social bonds rated at least BBB- at the time of purchase (by Standard & Poor’s or equivalent or deemed equivalent by the Management Company), thereby incurring a risk of capital loss. The sub-fund’s investment universe comprises green, social and/or sustainability bonds from international public and private issuers that respect ICMA’s Green Bond Principles, Social Bond Principles and Sustainability Bond Principles.

The sub-fund’s investment strategy is to manage a diversified portfolio of debt securities on a discretionary basis, with a minimum of 90% of net assets composed of sustainable investments rated at least BBB- at the time of purchase (by Standard & Poor’s or equivalent or deemed equivalent by the Management Company) and maturing no later than six months and one day after 31 December 2028 (final maturity of the product or early redemption options at the sub-fund’s discretion).

To assess the sustainability of our investments, the management team uses the ICMA definition and related Green Bond Principles, Social Bond Principles and Sustainability Bond Principles. ICMA provides a framework and (non-exhaustive) list of eligible green and/or social projects.

The investment process includes various steps that may be taken simultaneously:

(1) analysis of green, social and sustainability bonds: the management team carries out an analysis based on usage, management and reporting to check

and classify bonds according to their compliance with the International Capital Market Association’s green, social and sustainability bond principles.

(2) fundamental analysis: the management team follows a selection process based on fundamental bond analysis; and

(3) ESG approach: the management team applies the management company’s exclusion policy; at least 90% of the green, social and sustainability bond issuers held in the portfolio must have been assigned an ESG rating (taking the weighting of each security into account). This ESG analysis is based exclusively on data from the external data provider MSCI. Issuers’ ESG rating is used to guide management teams in their selection of securities, without it being a decisive factor in their decision-making.

The sub-fund undertakes to invest at least 75% of its net assets in green bonds from international public and private issuers and up to 25% of its net assets in social bonds and/or sustainability bonds.

The Management Company does not use the ratings issued by rating agencies automatically or in isolation, as it also applies its own internal analysis.

Up to 10% of the sub-fund’s net assets may be invested in units or shares of other funds. The sub-fund will invest on a discretionary basis in listed forward financial instruments in order to hedge against interest rate risk and systematically for the purpose of hedging against currency risk (futures, options). It may also use swaps and forward exchange contracts on a discretionary basis to hedge against currency risk.

The sub-fund’s maximum exposure to the markets (debt securities, funds and derivatives) may not exceed 100% of the sub-fund’s net assets, it being understood that the maximum exposure is the sum of net exposures to each of the markets (fixed income, money) to which the sub-fund is exposed (the sum of long and hedging positions).

Subscription period: new subscriptions will not be accepted after 11:15 (Paris time) on 31 December 2024 (subject to any early close or extension to be decided at the Management Company’s discretion). Subscription, conversion and redemption requests are centralised by the custodian every Paris stock exchange trading day until 11:15 (Paris time, CET/CEST) and executed on the basis of the net asset value of the same day.

CR-EUR shares accumulate their income, as decided by the management company on a yearly basis.

### INTENDED RETAIL INVESTOR

This sub-fund is intended for investors seeking exposure to the bond markets until the maturity date, who are willing to accept the risks arising from such exposure. US Persons may not invest in this product.

More detailed information on the Sub-fund, such as the prospectus (French, English) and the annual and semi-annual reports (in the language of the distribution country), is available at am.oddo-bhf.com or may be obtained free of charge at any time from ODDO BHF Asset Management SAS, 12 boulevard de la Madeleine, 75009 PARIS or from the centralising agent in the distribution country. The sub-fund’s NAV is available on the Management Company’s website. Other share classes are available for this sub-fund. The assets and liabilities of the SICAV’s various sub-funds are segregated. Conversions from one share class to another are considered as a redemption followed by a subscription.

The Sub-fund’s custodian is ODDO BHF SCA

## WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

### RISK INDICATOR

The risk indicator assumes you keep the product until maturity, i.e. on 31 December 2028. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 2 out of 7, which is a low risk class.

This rates the potential losses from future performance at a low level, and poor market conditions are very unlikely impact our capacity to pay you Currency risk: you will be paid in a different currency; your actual gain will therefore depend on the exchange rate between the two currencies. This risk is not taken into account in the above indicator:

#### Other materially relevant risks not taken into account in the indicator:

Other risks not taken into account in the risk indicator may be materially relevant. They include:

risk linked to financial techniques, counterparty risk and liquidity risk.

As this product does not offer protection from market hazards, you could lose some or all of your investment.

### PERFORMANCE SCENARIOS

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years with a one-year horizon and over the recommended investment period.

Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

**Recommended holding period: until the product matures (31/12/2028)**

**Example investment: €10,000**

Scenarios		If you exit after 1 year	If you exit at maturity (31/12/2028)
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	€7,650	€7,220
	Average return each year	-23.51%	-5.58%
Unfavourable	What you might get back after costs	€7,980	€7,680
	Average return each year	-20.21%	-4.55%
Medium	What you might get back after costs	€9,540	€9,450
	Average return each year	-4.64%	-1.00%
Favourable	What you might get back after costs	€10,060	€10,080
	Average return each year	0.61%	0.14%

The unfavourable scenario occurred for an investment between: 08/2019 and 04/2023.

The medium scenario occurred for an investment between: 04/2015 and 12/2020.

The favourable scenario occurred for an investment between: 12/2013 and 08/2019.

## WHAT HAPPENS IF ODDO BHF ASSET MANAGEMENT SAS IS UNABLE TO PAY OUT?

The product is a co-ownership of financial instruments and deposits separate from the portfolio's Management Company. In the event of the company's insolvency, the product's assets, which are held by the custodian, would be unaffected. In the event of the custodian's insolvency, the risk of financial loss on the product would be mitigated by the legal segregation of the custodian's assets from the product's assets.

## WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### COSTS OVER TIME

The tables show the amounts taken from your investment to cover the different types of cost. These amounts depend on how much you invest, how long you hold the product, and the return on the product. The amounts given here are illustrations based on a sample investment and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- €10,000 is invested

**Investment: €10,000**

Scenarios	If you exit after 1 year	If you exit at maturity (31/12/2028)
Total costs	€540.16	€1,209.64
Annual cost impact*	5.46%	2.17%

\*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 1.17% before costs and -1.00% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

### COMPOSITION OF COSTS

The table below indicates the impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period, and the meaning of the different cost categories.

One-off costs upon entry or exit		If you exit after: 1 year
Entry costs	Entry costs represent the maximum amount that may be paid at the time of subscription. 4.00% is the most you will pay; it may be that you pay less. The person selling you the product will inform you of the actual costs.	Up to €400.00
Exit costs	We do not charge any exit costs for this product, but the person who sells you the product might.	Up to €0.00
Ongoing costs [taken each year]		
Management fees and other administrative or operating costs	These represent the unavoidable costs of running the product and any payments, including remuneration, to parties connected to the product and providing services. 0.90% of the value of your investment per year. This is an estimate based on actual costs over the last year.	€86.40
Transaction costs	0.56% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	€53.76
Incidental costs taken under specific conditions		
Performance-related fees	Impact of performance-related fees. The management company deducts this fee from your investment if the product outperforms its benchmark. The actual amount will vary depending on how well your investment performs. 10%, inclusive of tax, of the sub-fund's net annualised outperformance above 2.70% over the sub-fund's reference period, once any past underperformance from the previous five financial years has been fully offset.	€0.00

## HOW LONG SHOULD I HOLD IT AND CAN I TAKE MONEY OUT EARLY?

### Minimum recommended holding period: until the product matures

This recommended holding period is a minimum that takes into account the features of the selected product. It may be longer, depending on your financial position and investment choices.

You can redeem some or all of your investment at any time. Exiting before the end of the recommended holding period may affect the performance that can be expected from your investment. You can find details of any charges and penalties applied when divesting under: "What are the costs?"

Requests are centralised until 11:15 CET/CEST every day at ODDO BHF SCA, and executed on the basis of the next net asset value, which will be calculated using that day's closing prices, or at an unknown price. The resulting settlements shall be completed two trading days later (D+2).

## HOW CAN I COMPLAIN?

If you would like more information or wish to make a complaint, please contact ODDO BHF Asset Management SAS, 12 boulevard de la Madeleine, 75009 Paris, France. You can also submit a complaint by email to: [service\\_client@oddo-bhf.com](mailto:service_client@oddo-bhf.com). The complaints policy is available on the website: [am.oddo-bhf.com](http://am.oddo-bhf.com). In the event of disputes, you may appeal to the AMF Ombudsman.

## OTHER RELEVANT INFORMATION

This Sub-fund is classified as an Article 9 fund under Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial services sector ("SFDR"). Information on sustainable finance is available on the Management Company's website: [am.oddo-bhf.com](http://am.oddo-bhf.com).

Where the Sub-fund is used as a unit-linked vehicle for a life insurance or endowment policy, additional information about this policy, such as the policy's costs, which are not included in the costs shown in this document, the person to contact in the event of a complaint, and what will happen in the event of the insurance company's insolvency, are presented in the policy's Key Information Document, which your insurer or broker or any other insurance intermediary is legally required to provide.

More detailed information on the Sub-fund, such as the prospectus (French, English) and the annual and semi-annual reports (in the language of the distribution country), is available at [am.oddo-bhf.com](http://am.oddo-bhf.com) or may be obtained free of charge at any time from ODDO BHF Asset Management SAS, 12 boulevard de la Madeleine, 75009 PARIS or from the centralising agent in the distribution country. The sub-fund's NAV is available on the Management Company's website. Other share classes are available for this sub-fund. The assets and liabilities of the SICAV's various sub-funds are segregated. Conversions from one share class to another are considered as a redemption followed by a subscription.

The Management Company may make use of a gate provision to cap redemptions. For more details on this provision, please refer to the "Gate provision for capping redemptions" section of the prospectus, available at <http://am.oddo-bhf.com>.

Past performance over the last ten years or, as the case may be, the last five years if the Sub-fund has completed at least five full calendar years, is published on the following website: [am.oddo-bhf.com](http://am.oddo-bhf.com).
